Re: *Amendment of Parts 1, 21, 73, 74 and 101 of the Commission's Rules to Facilitate the Provision of Fixed and Mobile Broadband Access, Educational and other Advanced Services in the 2150-2162 and 2500-2690 MHz Bands – WT Docket No. 03-66 – NOTICE OF ORAL EX PARTE PRESENTATION*

Dear Ms. Dortch:

I am writing pursuant to Section 1.1206(b)(2) of the Commission's Rules to report that on July 14, 2017, David Moore and Ed Lavergne representing the Catholic Technology Network ("CTN") and Lynn Rejniak and Todd Gray representing the National EBS Association ("NEBSA") met with Nicholas Degani and Rachael Bender from Chairman Pai's office regarding the above-referenced proceeding. CTN and NEBSA expressed their support for the Educational Broadband Service ("EBS") consensus licensing proposal submitted to the Commission on June 6, 2014 in WT Docket No. 03-66 as the most reasonable and timely way to permanently license all remaining unlicensed EBS spectrum in the United States. CTN and NEBSA urged the Commission move forward with a Further Notice of Proposed Rulemaking, or a Public Notice to refresh the record in WT Docket No. 03-66 to implement the consensus licensing proposal. The attached map was provided to Mr. Degani and Ms. Bender.

Pursuant to Sections 1.1206(b)(2) and 1.49(f) of the Commission's Rules, this letter is being filed electronically with the Commission via the Electronic Comment Filing System. Should you have any questions regarding this letter, please contact the undersigned.

Respectfully submitted,
